

PM Netanyahu's Statement on the UN Security Council's Resolution on President Trump's Gaza Plan

Publish Date: 18.11.2025

The State of Israel and Prime Minister Netanyahu applaud President Trump and his tireless and devoted team. The courage and sacrifice of our brave soldiers, along with President Trump's diplomatic efforts, have helped bring home all of the living hostages and most of the deceased ones.

The United Nations Security Council fully endorses President Trump's 20 Point Plan, and the appointment of the Board of Peace to be led by President Trump. We believe that President Trump's plan will lead to peace and prosperity because it insists upon full demilitarization, disarmament and the deradicalization of Gaza. True to President Trump's vision, this will lead to further integration of Israel and its neighbors as well as expansion of Abraham Accords. President Trump's breakthrough leadership will help lead the region to peace and prosperity and a lasting alliance with the United States.

In cooperation with the United States and other countries signed on President Trump's plan, we expect to receive all of the deceased hostages with no delay and to begin the process of disarming and demilitarizing the Gaza Strip and ending Hamas' rule over Gaza per President Trump's and Ambassador Waltz's statements.

Israel extends its hand in peace and prosperity to all of our neighbors and calls on them to normalize relations with Israel and join us in expelling Hamas and its supporters from the region.
