The situation in the Middle East

The President: The Security Council will now begin its consideration of the item on its agenda.

Pending the election of the Chairs and Vice-Chairs of subsidiary bodies and following the understanding reached among Council members in this regard, I have the honour to report to the Security Council on the work of the Committee established pursuant to resolution 2140 (2014), pursuant to paragraph 19 (e) thereof.

The most recent such briefing was provided on 5 November 2025 (see S/PV.10033). Accordingly, this report covers the period from 6 November 2025 to 5 November 2026.

The annual report on the work of this Committee for 2025 was issued on 31 December as document S/2025/826. In the present year, the Committee has met three times in informal consultations — on 8 May, 31 August and 22 October — in addition to conducting its work through written procedures.

During the informal consultations held on 8 May, the Committee heard a presentation by the Panel of Experts on its midterm update and discussed two recommendations contained therein. The Committee agreed to take follow-up action in relation to those two recommendations.

On 31 August, the Committee heard presentations by the Panel of Experts on two ad hoc reports submitted pursuant to paragraphs 15 and 16 of resolution 2801 (2025), on the following topics: dual-use items and precursor chemicals; and information-sharing and vessel flag State capacity. The Committee also discussed the advice contained in these two reports, consisting of several recommendations, and will be considering follow-up action in relation to the recommendations addressed to it.

On 22 October, the Committee heard a presentation by the Panel of Experts on its final report and discussed the eight recommendations contained therein. The Committee will be considering follow-up action in relation to these recommendations.

As of today, there are 10 individuals and one entity on the sanctions list of the Committee.

The meeting rose at 10.10 a.m.
